FIFA Accreditation System Manual for Appointed Approvers (AA)

1. Introduction

This FIFA Accreditation System Manual for Appointed Approvers (AAs) is a generic manual, applicable to all FIFA client groups and different FIFA tournaments and events.

Therefore, the screenshots may show information that is not tailored to your client group or tournament/event.

It is highly recommended that you familiarise yourself with this manual, which explains all the tasks and steps required to successfully manage accreditation requests.

If you require any help, contact accreditation@fifa.org.

2. Role of the Appointed Approver

As an Appointed Approver (AA), it is your task:

- to identify organisations to be accredited;
- to provide details of organisation(s) and ALO(s) to FIFA/LOC Accreditation in the ALO user account request form;
- to agree on quotas and timelines (for applications, approvals and distribution) with the Accreditation Liaison Officer (ALO) and with FIFA/Local Organising Committee (LOC) Accreditation;
- to monitor applications;
- to request a shortlist/staffing plan from the ALO(s) and pre-approve or reject accreditation requests accordingly;
- to send approval communications (depending on the accreditation concept for the tournament/event); and
- to communicate any changes in privileges, functions, subcategories and categories to FIFA/LOC Accreditation.

During accreditation centre operations:

- to be available to the FIFA/LOC Accreditation team for problem resolution:
 - Approval of requests
 - Change management

3. Accessing the FIFA Accreditation System

3.1 Login

As an AA, you have received a system-generated invitation email from no-reply@acr.fifa.org inviting you to activate your account in the FIFA Accreditation System. This email contains the link to the system and your username (login).

Before starting, it is highly recommended that you familiarise yourself with this manual, which explains all the tasks and steps required to successfully manage accreditation requests.

Once your FIFA account has been activated, you can log in to your FIFA Accreditation System AA account at any time. It is recommended that you bookmark the FIFA Accreditation System URL for easy access: <https://bo-accreditation.ep.fifa.org/>.

The system works best with Google Chrome.

Enter your username (which is your email address that was used to receive the invitation email) and your password (generated by you) and click the “Sign in” button to access your account.

The registration status indicates the status of the registration:

- **Invited:** The ALO has started the invitation process and sent an invitation but the applicant has not yet clicked on the registration link provided in the invitation email.
- **Incomplete:** The ALO has started the invitation process and sent an invitation. The applicant has opened the registration link but not finalised the registration. An automatic reminder to finalise the registration is sent to the applicant 30 minutes after the applicant has left the page. This automation happens only once, so the ALO has to manually send additional reminders if needed.
- **Registered:** The applicant has successfully registered. Only registered applicants are available for you to work on using Report B, detailed in [chapter 6](#) of this manual.
- **Declined:** Either the ALO or the applicant has declined the registration.

There are two different ways (registration types) for the ALO to register applicants:

- **Invitation process:** After inserting request-related data, the ALO sends invitation emails to the applicant(s) with a personal registration link. It is then the task of the applicant(s) to insert their personal details and to submit their registration.
- **Full registration process:** The ALO inserts or uploads all required request-related data as well as personal details, including photos. There is no involvement in the process for the applicant(s).

For both registration types, the ALO can decide to register applicants one by one (single invitation/full registration) or in bulk (bulk invitation/full registration).

The data validation column indicates whether required data is missing in the requests:

- **Empty:** The applicant is not yet fully registered.
- **OK:** All required data has been inserted successfully.
- **Missing data:** A message will be shown to indicate data is missing. Missing data can only occur in the bulk full registration process. For any other registration types, incomplete requests cannot be submitted.

Note: Data will only be sent for a background check (if applicable) if the registration status is "Registered" AND data validation is "OK".

6. Checking requests, sending emails, pre-approving requests and changing accreditation functions

Open Report **B – AA – Check and pre-approve accreditation requests**.

Appointed Approver	
A - AA - Overview of all registrations	to check if applicants are registered
B - AA - Check and pre-approve accreditation requests	Check requests, send emails, pre-approve

This report shows all successfully submitted requests (registration status is “Registered” AND data validation is “OK”). It summarises all data relevant for the accreditation pass, including the privileges, venues and dates of day passes as well as the background check (BGC) status, accreditation approval status, email communication, ALO comment and the collection and printing status of all applicants.

Note: Click on the grey “Send to Excel” button at any time to export the data to Excel for a better overview (see chapter [4.5](#)).

6.1.3 Correcting assigned venues and/or dates

If accreditation venues and/or the dates of day pass requests need to be corrected:

- Select the request(s).
- Click on the grey “Group actions” button.
- Select “Add / Remove accred venue” or “Add / Remove accred date”.
- Select the entitlements (multi-selection is available).
- Define which action the system has to process: add or remove.
- Click on “OK”.

The screenshot shows a table with columns: REG ID, ACCREDITATION ID, ACCREDITATION STATUS, EMAIL COMMUNICATION, BGC STATUS, FAMILY NAME(S)/LAST NAME(S), GIVEN NAME(S), SUBCATEGORY, FUNCTION, VENUES, DATES, and PRIVILEGES. A dropdown menu is open from the 'Group actions' button, showing options: Send emails, Change function, Add / Remove accred date (highlighted with an arrow), Add / Remove accred venue, and Change accred approval status. The table contains three rows of data, with the third row selected.

Note: If the venues or dates for a day pass are missing, the system will highlight the field in blue.

REMINDER: A venue and/or date change can only be processed if the accreditation is not locked (if the accreditation approval status is “Requested” or “Pending”).

IMPORTANT: Requests that still have blue fields should never be approved.

6.2 Changing the accreditation status

There are several accreditation approval statuses available to you:

- **Requested:** Initial accreditation approval status once a request has been received.
- **Pending:** Status to identify requests for which you need more time or information to make a final decision.
- **Pre-approved:** Status to use when you want to approve requests.
- **Cancelled:** Status to use if an ALO is asking you to cancel a request on their behalf.
- **Rejected:** Status to use to reject a request.

NOTE: You will find “Approved” in the drop-down list, but this functionality is disabled. For more details, please refer to chapter [6.4 FIFA/LOC final approval and collection](#).

Use the following steps to update the accreditation approval status of the applicant(s):

1. Filter the applicants for whom you want to change the accreditation approval status by using the “**Accred. approval status**” column and search for “**Requested**” or “**Pending**”. Use further filters if needed (see [chapter 4.4](#) on how to use filters).

The screenshot shows a table with columns: REG ID, ACCREDITATION ID, ACCREDITATION STATUS, EMAIL COMMUNICATION, SRA STATUS, COLLECTION, EMAIL, FAMILY NAME(S)/LAST NAME(S), GIVEN NAME(S), ORGANISATION, SUBCATEGORY, and FUNCTION. A dropdown menu is open from the 'Accred. approval status' column, showing options: Select all, APPROVED, and REQUESTED (checked). The table contains two rows of data, both with 'Requested' status.

2. Select the applicant(s) by checking the tick box on the left-hand side – either one by one or in bulk by using the grey “Select” button and selecting “All”.
3. Click on the grey “Group actions” button and select “Change accred approval status”.

4. Select the relevant status and click on the “CONFIRM” button:

Important: Once requests are pre-approved, they become locked and cannot be reverted to a different status. To revert the accreditation approval status, reach out to your contact person from LOC/FIFA Accreditation.

It is possible to re-select the same records that you previously selected by using the “Restore selection” functionality. To proceed, click on the “Select” button and then choose “Restore selection”.

6.3 Email communications

To inform applicants about changes to their accreditation approval status, the following emails are available and need to be sent by you. Please refer to the Appendix to preview the content of these emails.

6.3.1 Email templates available to AAs

a) Approval email (2A_Approval email)

Once you have successfully checked the accreditation request(s) (see chapters [6.1](#) & [6.2](#)) and changed the accreditation approval status to “Pre-approved”, send this email to inform the applicant that their accreditation request(s) has/have been approved from a functional point of view.

Note:

- This email can be sent at any time when you want to approve a request, without considering the BGC status of the request(s).
- The approval email is a functional approval BUT does not allow applicants to collect their accreditation yet.
- Once the accreditation is ready for collection, FIFA/LOC Accreditation will send a **collection email** to the applicants with information on the accreditation centre locations and opening times. This step is considered as the final approval. The accreditation status will then be changed to “Approved” and the collection status to “Ready”.

b) Functional area rejection email (4A1_Functional area rejection email)

Once you have changed the accreditation approval status to “Rejected”, send this email to inform the applicant that their accreditation request(s) has/have been rejected from a functional point of view.

c) Cancellation email (5_Cancellation email)

Once you have changed the accreditation approval status to “Cancelled”, send this email to inform the applicant that their accreditation request(s) has/have been successfully cancelled.

Email communication columns

Once the emails have been sent, the “Email communication” column will automatically change from “Not sent” to one of the following values: “Approval email sent”, “Rejection email sent”, “BGC rejection email sent” (if applicable) or “Cancellation email sent”:

6.4 FIFA/LOC final approval and collection

All requests that have the accreditation approval status **“Pre-approved”** will undergo a final approval by FIFA/LOC Accreditation.

Once completed, the accreditation approval status will be changed by FIFA/LOC Accreditation to **“Approved”**. The requests are now ready to be printed.

FIFA/LOC Accreditation will send out collection emails to inform the applicants that their accreditation is ready to be collected. This email will also contain information about the locations, opening days and times of the accreditation centres.

Once the collection email has been sent, the **“Collection”** field will change from **“Not ready”** to **“Ready”**.
